DOMAINE BOYAR BOUTIQUE

MADE BY CONNOISSEURS FOR CONNOISSEURS

Nowadays the word "boutique" means a lot more than a small shop with a selection of clothes and jewelry. Today it is used to name all those special things, created with attention to detail, made with a lot of thought and by hand. They are always unique, selected for a limited number of people, skillfully completed in order to meet the sophisticated desires and taste.

Such are wines from BOUTIQUE Collection. They are created from the finest vineyards and aged in selected French oak barrels. These wines will introduce you to rare and exotic varieties and blends. They will capture your senses with their deep sparkling colour, as well as with an elegant taste.
