

eSer

"SER" (meaning "TO BE" in Spanish, but also "LOVE" in Armenian, the World wine cradle) is our single vineyard series, from Cachapoal D.O. Available in Carmenere, Cabernet Sauvignon, Merlot, and Syrah, these vibrant wines express the best of these varietals in Chile. The vines are located 2600 ft high, in the foothills of the Andes mountains.

Available in limited quantities only.

DENOMINATION OF ORIGIN - ALTO MAIPO

Best known for red wines production due to its mild climate, it is the closest region to Santiago. Rocky alluvial soils are found here which are ideal for the red varietals. The mountains have an influence on the vineyard's microclimate due to the altitude, the cool breezes in the evenings that cool down the vineyard temperature, and a higher temperature during the day. This specific growing region is well known for producing the best Cabernets from Chile but it is also ideal for Syrah and Merlot

SYRAH

WINE PROFILE

VARIETAL: Syrah

HARVEST: By hand

FARMING: Sustainable

WINEMAKING: Traditional in stainless steel tanks with an average length of 30 days, and temperatures about 26–28°C.

AGEING: 18 months in new (60%) and one-year used (40%) French oak barrels.

TASTING NOTES

Colour: Deep ruby red.

Nose: The aromas are showing typical characters for Syrah such as spices, black pepper, and dark fruit, enhanced by developed notes like animal, toasty, and leather. Also mineral, smoky and earthy notes reflect the potential of this Syrah.

Palate: Overall, it has a beautiful balance between fruit flavours and acidity. Silky and round tannins give this wine a soft medium to full body. It can be found a high concentration of developed characters like mocha, earthy, bacon toasty and spices that are predominant until the end. It is an intense and powerful wine.

SERVE AT: 16°
